

# God's Hands Reaching Haiti

Working together as the body of Christ to reach the hurting souls of Haiti

*Hear me when I call, O God of my righteousness! You have relieved me in my distress;  
Have mercy on me, and hear my prayer. Psalms 4:1*

A house destroyed by the earthquake

In the mountains of Les Cayes, far away from town or city live a beautiful, strong people. Since the big earthquake in August of 2021, there have been multiple small quakes that have shook the mountain and surrounding areas. Thank you for all your donations and prayers for the **earthquake victims** in the past several months. We have been able to purchase tin for those trying to rebuild. Because of the frequent earthquakes in the past months they are not yet rebuilding with cement but making tin and wood shelters. We were also able to purchase food for some of the families and gave them vouchers to go to the food depot and get food for their families.

Because of the unrest and roadblocks in the south we are not able to travel there by vehicle, so we have been sending funds to Cenofa's brother who purchases the tin and hires people to haul it up the mountain side. He reports to us who he is able to assist and how. They are always very grateful for the help we can give them and we remind them that it's the Lord's provision and it's because of the Lord that we are able to help them. Please pray for these people as they have lost their homes and nearly everything and are having to start over all while still dealing with the recurring earthquakes and not knowing how to rebuild.

Rebuilding a tin house

Please pray for continued strength and guidance for them and that they will turn to the Lord for their security in uncertain times.

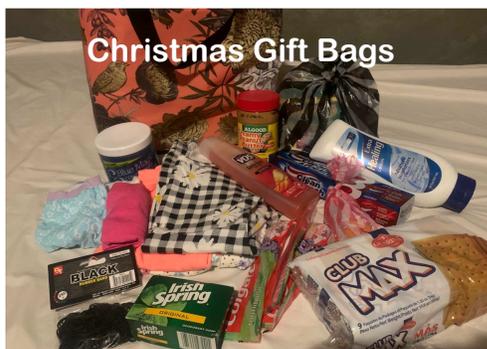

Some of the families we are able to help

## Christmas Outreach Program

Welcome to our home! On Christmas Eve our home was full of 30 mothers waiting to receive their extra bags of food so they could prepare a Christmas dinner for their families. We prepared a gift bag with toiletries, some new children's clothing and treats for each of our 30 regular Outreach Families. They also received a food bag with rice, beans, sugar, flour, a small bag of chicken and a few other food items. Our children enjoyed helping bless these ladies by serving them milk and sweet bread while we spoke to them. We shared with them a few prophecies of Jesus and how they were fulfilled in the New Testament and talked about how Jesus is truly the son of God. Many of them opened up and joined in thoughtful discussion and questions afterwards. We encouraged them to teach their children the truth of who Jesus is. If they don't hear it at home then they are more easily influenced by the world around them. It is a blessing to be able to be an encouragement to these mothers and families especially at Christmas time. Thank you for being a blessing in helping provide these extra food bags so that we can bless others. Together we are God's hands reaching the hearts of Haiti.

Christmas Gift Bags

Receiving Gift Bags

***Please pray that those who know the truth will teach it to their children and those who still have questions will seek answers and learn more of God.***

## A NOTE FROM CENOFA AND BONI

A little introduction to our home. We are Cenofa and Bonita Ceneus, directors of Gods Hands Reaching Haiti. We are located approximately one hour and 15 minutes from Port-au-Prince in a small suburb of Saint Marc called Montrouis. We have been guardians of four precious children since they were babies. We also have a few foster children in our home. We built our own home three years ago and are still working on it as time goes on. We have been married four years in May and are expecting our first biological child this April. We are all very excited for this new addition to our family.

We have seen some challenging times in the past six months. Our household was sick for two months but so many blessings in the midst of it all! Gas to the country was blocked for a time but like the widows oil we always had enough gas to pump water. We often look back and see Gods miraculous protection and provision for us. Thank you for praying for us as God brings us to your mind. We may never know how our prayers affects another's lives. ***Please pray for continued safety for our family, wisdom and guidance as we raise these children for the Lord, discernment on how to help each need that comes to our door and how to show them the love of Christ.***
