

God's Hands Reaching Haiti Winter 2025

Working together as the body of Christ to reach the hurting souls of Haiti

“...that ye, being rooted and grounded in love, may be able to comprehend with all saints what is the breadth, and length, and depth, and height; and to know the love of Christ, which passeth knowledge, that ye may be filled with all the fulness of God.” Ephesians 3:17-19

Family/Ministry Update

“God’s mercies are new every morning great is His faithfulness.”

We have returned to Haiti! It was a long, expensive, tiring journey returning this time as we lined up flights and traveled the limited air transportation through the North of Haiti to get to Les Cayes in the South. We were happy to introduce our family here to our new little one and they were very excited to welcome her into the family. Jayden was happy to be with his older siblings again and they so enjoy he and

Kiyanna. We are very grateful for this special bond they share. We would like to share a bit about the children in our home.

rising we are asking you to pray and consider being a regular supporter of GHRH. If you could commit to a monthly or yearly donation we will better be able to provide for, feed and school these children in our home and be able to reach out and help our neighbors in need. This year we would like to have the children involved regularly in children’s ministry by inviting neighbor children in once a month to do a Bible story, craft and snack. We are thankful for the opportunity we have to teach and train these children for the Lord and we are grateful that they have a heart for God and others.

Daniel, Rose Mirlande, Dieulene and Rebecca have all been with us since they were infants. We are their legal guardians in Haiti and have sole responsibility of them here but are not able to travel out of the country with them. Daniel attends Haitian school and Boni teaches the girls at home. They do great helping to care for and play with the little ones. They help with household chores, read books, play games, memorize scripture and are always ready to bake a cake for any occasion. Baking for our neighbors is a highlight at Christmastime. We have been experiencing a decline in giving and as the cost of food and supplies in Haiti are

Gardening God's Way

We thank the Lord for the progress made with our farming ministry this year. From our first group of farmers, earlier this year, we have several that have been able to enlarge their gardens this season because of help with supplies they received last planting season. They are preparing, after harvest, to give a portion of their crops back so that we can use the seed to share with others. We have 32 farmers in our program at the present and we have more candidates waiting when we are ready for them. We cannot help them all at once as we need to oversee their farms and be equipped with supplies to assist each one. We desire to reach as many families as possible, showing them the love of Christ as we encourage them in their farming. Helping them to support themselves and their families also being able to hire people to work in their fields thus creating jobs in their communities. We are grateful for those who have invested in these people and in the future of Haiti.

Prayers of our heart:

*Wisdom, guidance and provision in caring for and training the children that God has placed in our care.

*Provision and guidance for Sadrac and Ruth who are helping with our home and farming ministry that they would be able to provide for their family of three young boys.

*Those in Montrouis who are living in a war zone, we are saddened that our hometown is in constant turmoil and uncertainty. Many have evacuated to other towns or the mountain yet some have no place to go.

We still have friends trying to evacuate but don't have money to leave and support themselves. May God grant them protection, guidance and provision. At this time we are not able to send funds to help with food in Montrouis besides the few families that are specifically sponsored, please pray for them as they are still close to our heart and mind.

*Our farming leaders as they share the Gospel and their farming knowledge with those in our farming program, those in the program to be encouraged in their farming as well as spiritually.

*Certain young people in our neighborhood that help in our personal gardening and chicken farm that we would like to help get into a trade school.

*God's provision for a vehicle for us for our home and ministry.

"For unto us a child is born....:and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace." Isaiah 9:6
